ECC TECHNOLOGY SERVICES

Keeping You Connected®

Microsoft® Certified Partner
SonicWall Medallion Partner
Avaya-Certified Technicians

Let ECC Be Your IT Partner...

Everyone knows how important IT is to today's business, but it takes an expert to truly understand IT's constantly changing technologies and how best to implement that technology in today's business world. No matter what your business's capitalization, you need to be free to run and grow your business with confidence in your IT partner. ECC Technology Services is ready to serve your IT needs.

Networking

ECC provides total network implementation, including hardware, software, operating systems, design, routing and switching, cabling, virtual private networks, firewalls and high-speed connectivity.

Support Services

In person or by phone technical support on your operating system, hardware, software upgrades, emergencies, special projects, routine maintenance, on-site desktop support, training and troubleshooting.

Hardware

With ECC, you get quality hardware purchased from top manufacturers with a one-year (or better) warranty and ECC's expert service at no charge if required during your warranty. If you prefer purchasing your hardware from an alternate vendor, ECC will assist with your selection process and will also maintain your hardware.

Software

ECC will assist with your procurement, installation and training on a variety of software packages, including accounting, educational and proprietary systems.

Internet & Web Services

ECC will help you establish a professional internet and/or intranet presence created with quality and ease, including image, design, internal or external site development and maintenance.

VOIP (Voice Over IP)

Let ECC be your resource for voice information IP telephony solutions. Use ECC's digital VOIP Solutions rather than traditional circuit-based telephones to avoid toll charges.

Project Management

You need to focus on running and growing your business. Let the professionals at ECC provide total project management for all of your technology solutions.

Additional Services

ECC also provides technical consulting on hardware, software, internet services, security, programming and networking, efficiency, testing, database design, web site and e-mail hosting, and hardware and software procurement.
